About Me

Skilled Developer with 2 years of experience in developing and implementing front-end architectures that have resulted in significant increases in page load speed and user engagement. Proficient in collaborating with back-end teams to integrate user-facing elements with server-side logic, implementing automated testing platforms, and optimizing components for maximum performance. Staying up-to-date with emerging technologies and frameworks, and reducing development time for new projects

Professional Experience

McCoy Mart | HTML Developer | Front End Developer May 2023 – Present (1yr 10months)

- Designed and developed a new user interface for a web application
- Developed innovative JavaScript web technologies to build a user-friendly, adaptive, and responsive website with improved cross-browser compatibility and optimized runtime performance
- Stayed up-to-date on emerging technologies and implemented new features, resulting in increase in website functionality and improved user experience.
